ENG
Peruzzo KOALA 1200 flail collector mower is suitable for the application to tractors from 20 to 25 HP of power and with a 3-point attachment of first category. The machine is the ideal solution to perform 3 different actions on the turf in a single pass: cutting, harvesting and aeration action (verticut). **KOALA FLAIL COLLECTOR MOWER** can unload the product on the ground, via hydraulic piston. This **KOALA FLAIL COLLECTOR MOWER** has excellent cutting quality, performed by patented knives owned by Peruzzo that allow a clean cut of the grass and suction power. It is perfect for football pitches, golf courses, and green area maintenance where millimeter precision is required. It can also be used for the collection of leaves.
The rear roller helps to level the grassy surface, giving a smooth and compact appearance to the ground.

Tractor power (expressed in hp): 20 – 25 HP
Cutting Width: 1175 mm
With Collection: YES
Application: Rear
Cutting Group: Paddle Knife
Weight: 280 kg
